Unlike anything you will have experienced in our local market. Walking into this unsuspecting cottage, you'll be mesmerised by the renovation that has taken place. First, you'll notice the rich and character filled wooden floorboards, you just cannot create floors like this now. Further on from there the open plan kitchen will put a smile on your face. The front portion of the home consists of the kitchen and loving area as well as two bedrooms and an amazing bathroom. All the materials used throughout the home are just superb. The rear part of the property features an enormous third bedroom along with a second bathroom, seperate toilet, laundry and impressive second living room. The home is laid out that it could be used as two separate dwelling almost. It could be perfect to use as an air bnb or if you want to have some separation in your living quarters. The block size is 598m2 approx. and the rear yard is nice and secure. A large concreted slab at the front of the home
